# Purchasing Power

## *What makes up a MACnet Network?*

In its simplest terms:

- It is a group of publications, free circulation publications distributed either weekly, bi-weekly, or monthly as well as online only publications providing local news and marketing.
- They are distributed through the mail, by carriers, through rack distribution, or digitally.
- The MACnet network includes the states of Pennsylvania, Ohio, New York, New Jersey, Delaware, Maryland, West Virginia, Virginia, and Washington DC.

## *Purchasing Power*

When surveyed, our readers indicated they plan to purchase during the next twelve months:
